

BSMRAAU is on track to build a robust IQAC

The BSMRAAU Lecturer Md Samin Rahman was invited to conduct a day-long workshop on ‘Outcome Based Education (OBE) in Practice’ at Bangladesh Army International University of Science and Technology (BAIUST) in Cumilla. The workshop, held on 27 November 2021, was organized by Institutional Quality Assurance Cell (IQAC) of BAIUST and attended by over 70 faculties and senior management of BAIUST.

Earlier in 10-11 November, the University’s IQAC Team had attended hands-on training on “Higher Education Quality Improvement with Bangladesh National Qualifications Framework (BNQF)” and “Accreditation Rules and Standard”. The training included elaborations on the benchmarks for accreditation to different programs in Higher Educational Institute and OBE. Group Captain Md Mezbah Uddin and Lecturer Md Samin Rahman – the two IQAC member of the University who had attended this training, have since been in a mission to share, sensitize and promote knowledge on institutional quality assurance, OBE and accreditation with the relevant stakeholder. Conducting the one-day workshop at BAIUST, Cumilla was a reflection of that.

Through these activities, BSMRAAU, intends to build a robust IQAC to ensure providing quality education.
